

C. C. Fowling, Editor & Proprietor.

TUESDAY.....APRIL 20, 1890.

NEWS OF THE MORNING.

A New York Times' Washington special says: A general movement is on foot to put Postmaster-General Key on the ticket with Grant, as Vice President.

The Chinaman recently arrested at Saucelito, charged with the murder of Mr. Severance of that place a few days ago, committed suicide in his cell Sunday afternoon by hanging himself, making a rope from strips of his blouse.

The gold and silver mine discovered near Ashland, Wisconsin, a few months ago are now being worked by McDougall and others of Chicago as secretly as possible. They are panning out beyond all expectation. There is great excitement over the specimens forwarded to Chicago.

The Indians near Ehrenburg, Arizona, on the Colorado river, have murdered M. Coloway. They have sent their women and children north, and defy the small force sent from Ehrenburg to arrest the murderers. The Agent at Colorado River Reservation has withdrawn to Ehrenburg for safety and called for a military guard.

Connection was made by telephone from Plymouth Church Sunday with Orange, Newark and Elizabeth, N. J., and several points in New York, and Beecher's sermon and music were both heard. The transmitter was placed in front and below the pulpit. The farthest point was Orange, seventeen miles distant.

The steamer City of Peking arrived in San Francisco Sunday evening from Hongkong and Yokohama flying the yellow flag, and was at once ordered to quarantine. A case of small-pox occurred on the passage, though none now exists on board. The purser's bag was landed and the mails will be put ashore after thorough fumigation. The ship will be kept in quarantine until all danger of infection is past.

One of the crew was taken down with small-pox yesterday, which will necessitate quarantining the passengers for fifteen or twenty days.

The Lyon County Times is offered for sale.

There have been no quotations of the price of seats at any of the Stock Boards recently.

Eureka Con. has declared a dividend of 50 cents per share, payable on the 29th instant.

W. W. Hobart is now sole proprietor of the Eureka Leader, having purchased his partner's interest.

The Alta brevity man says that financially speaking, the French are a franc people, while Italians are lirea, and the Chinese have taels.

Judge C. C. Goodwin, for a long time connected with the editorial staff of the Virginia Enterprise, is about to retire from the paper and take charge of the Salt Lake Tribune.

One hundred and seventeen votes were polled at the special election in Tuscarora, of which one hundred were cast in favor of levying a tax of \$3,000 to build a public school house.

The Union Pacific Railroad Company has made an advance of ten per cent. on the wages of all the employees at their shops receiving \$3 per day or under. No such move has yet been made by the Central Pacific.

BIO MISTAKE.—There was a mistake and a big one, too, says the Gold Hill News of last Sunday, in one of the wards of Virginia at the Democratic primaries to-day. It had the name of an American on it; fact.

TO BE REVIVED.—It is reported that the old White Pine News is to be revived as a Republican paper, and that it will make its appearance one week from next Saturday, with Messrs. Forrest & Davis as proprietors.

IT WAS CHARLES CROCKER, and not H. S. Crocker & Co., who purchased the Cosmopolitan Hotel property of William Sharon. The purchase price was \$250,000. The building will be converted into stores, it being estimated that the necessary alterations will cost about \$40,000.

QUICK OCEAN VOYAGES.—The Pacific Mail steamers have just made two very fast trips. The Australia made the trip from San Francisco to Honolulu in six days and eighteen hours—the fastest time. The City of Sydney, leaving on March 20th, reduced the record of the Australia by six hours, and it is anticipated that she will make wonderful time on the whole trip.

THE BODIE EXTENSION.

It will be Built—The Road to Extend to Candelaria—Total Length, 150 Miles.

(Carson Times of Sunday.)

It is now, we understand from sources believed to be thoroughly reliable, a fixed fact that the Virginia & Truckee Railroad Company will extend their line from Mound House, not only to the southeastern extremity of Walker lake, as previously first announced in this paper, but a distance of some fifty miles further to Candelaria direct, making its total length nearly 150 miles. This is certainly a grand scheme, and the fact of its announcement will be hailed by hundreds of the laboring classes and by our citizens generally with enthusiasm as the entering wedge which shall open up new avenues for industry and enterprise.

From the southern extremity of Walker lake a wagon road will be constructed to Bodie, but 30 miles distant, and, owing to the enormous difficulties of the route, it is not likely that a line of rail will ever replace the teaming road.

This fact of course will be of benefit to the freighting interest, as the amount of carrying trade between the station which will be erected at the end of the lake and Bodie will undoubtedly be of large extent.

The extension of the road to Candelaria cannot fail to be of vast benefit to that promising camp and from its close connection by teams with Bodie, will doubtless have a similar influence on that substantial mountain town.

The engineers and surveyors who recently returned from the field will again go over the route in a few days, and probably make some trifling changes (with one important exception which we do not feel at liberty to state at present) in the line of survey. Active work on the road will probably begin as soon as the weather permits.

Fears of an Indian Outbreak in Nevada.

Under date of the 12th a Fort McDermitt correspondent of the San Francisco Call writes as follows:

We are having some Indian excitement in this vicinity just now over a rumored outbreak this Spring of the Pintes, and quite a number of families of the ranchmen have left their homes and come in here for protection. Mr. Brown, of Oregon Canyon, twenty-eight miles north of here, was warned by friendly Indians to leave, and he has brought his own and his son's family here. Two other families from the same neighborhood have also come in. Mr. Brown reports seeing Indian signal fires on Stein Mountain the night before he left. Two of the post trader's nephews and one other man who have been living on the meadow, eight miles from here, came in yesterday, quite scared, and are afraid to go back. Indians who have worked around there for several years suddenly, as if in obedience to some signal, began to pack up and took to the mountains. The Indians are supposed to be Pintes and Unutillas, and it is rumored are being led by a white man.

Reports are around that the Duck Valley Reservation Indians have murdered two families near Mountain City, about forty miles from the reservation. I think you may look for some lively times in this section before another month. The Indians have never seemed so restless as they are now.

Reduced Passenger Rates.

Passenger agents on Chicago Eastern and Western lines have adopted a schedule of greatly reduced fares, applicable only for the National Conventions at Cincinnati and Chicago and Knights Templar's Convention.

CROP REPORTS.—Returns to April 1st to the Department of Agriculture show increase in the area sown in wheat last fall to be 13 per cent more than in the fall previous. There was a increase in fall sown wheat in those States that heretofore have exclusively sown in Spring. The experiment was unfortunate, and all, particularly Iowa and Nebraska, report great disaster. On the whole the wheat crop thus far looks as favorable as in the Spring of '79. The condition of live stock is represented as very favorable, better than for several years. No disease is reported other than cholera among some, and that is no worse, if as bad, as last year.

In an Oregon breach of promise case the girl swore that the accused had hugged her every night for six months, and Sunday nights until 3 o'clock in the morning. The industrious and enterprising Web-footer was fined \$1 and costs.

It is estimated that the time wasted by the women of the United States in looking under beds at night for robbers if devoted to work would result, in a year's time, in making over 17,000 pairs of suspenders for the hesthen.

For a fine hat or bonnet go to Mrs. Julia Prescott's millinery store, east side Virginia street, opposite Reform Club Hall.

NICHOLS' INFALLIBLE INJECTION.—Guaranteed to cure promptly and permanently every case of Gonorrhea, Gleet and Whites, no matter of how long standing, if directions are followed. Internal medicine not recommended or necessary. A cure guaranteed or money refunded. Directions given in English, Spanish, French and German. For sale by Plummer & Queen, druggists, west side of Virginia street.

Goeggel's leading watchmaking establishment the most reliable place to buy jewelry.

JOHN F. SWIFT.

An Interview With the Commissioner to China—He Gives His Views Previous to His Departure for Washington—The Kind of Treaty He Will try and Negotiate—The Subject of Chinese Immigration—Its Prevention Reviewed at Length.

The New York Herald of last Friday morning publishes the following special despatch from its San Francisco correspondent:

"The Honorable John F. Swift, Commissioner to China, has been unable as yet to repair to Washington, in response to the invitation of Secretary of State Evarts, owing to the heavy fall of snow and immense snowdrifts on the summit of the Sierras during the past few days. It is probable he will be able to leave to-morrow morning or the day following."

Meeting this gentleman this afternoon, I asked him if he shared the opinion of certain California papers, that the President and Cabinet were, in this appointment of Commissioners, merely trying to gain time and prevent action in Congress hostile to Chinese immigration. Mr. Swift was frank, and freely spoke as follows:

MR. SWIFT'S VIEWS.

I go East fully believing that the Administration desires in good faith to procure a modification of the Treaty in such manner that our commercial relations with China will be preserved, and at the same time the immigration of Chinese laborers to compete with the same class in this country shall be checked at once and put with reasonable rapidity in course of eventual total suppression. I have no doubt that my associates on the Commission desire in good faith to accomplish the same result.

I do not profess to have any superior knowledge of the question in its entirety over the other members of the Commission. I have had an opportunity of seeing with my own eyes the immediate evils of the presence of a permanent population of adult alien males of a distinct race, religion, and dress and habit, settled in the midst of our people, as is the case with

THE CHINESE IN CALIFORNIA.

And have, perhaps, a more lively sense of that side of the question than the others; but, as to means of satisfying all interests and opinions of the nation at large, the actual method of doing what the State Department, as I believe, are about to do, namely, to preserve our commerce, if possible, and at the same time do justice to our own people, I expect and desire instruction from my Government, associates, and anybody who has any light to throw upon the subject, and am only anxious to learn. The subject is

FULL OF DIFFICULTIES.

No matter from what point we may view it, and no one sees them more plainly than I.

The cry of the San-Josites that "The Chinese must go!" if it was ever put forward as anything more than a mere party phrase, can never be the basis of action. The Chinese in America are like all other strangers, whether here by virtue of treaty rights or not. They came with our consent, and upon an implied invitation, and must be protected at all hazards. To think of anything else is simply barbarous. But the general right of the other 350,000,000 still in China to come at will is a matter this nation has the right to pass upon and prevent or not, as its most intelligent thought may finally determine to be best.

THE RIGHT OF IMMIGRATION.

When stripped of sentimental formula, ends like the right of revolution, in a mere question of force. It is the right to come if you can. But do not act to the regret of the occupants of the country, to counsel or resist as they may deem for their own best interests.

I repeat, I have no doubt the Administration is acting in the most perfect good faith with California and the country, and will insure the Commission to propose to the Chinese Government a treaty that will satisfy all reasonable opinions.

What the Chinese may do I, of course, have no idea. They may refuse to change the Treaty. If they do, after all we can, with proper courtesy, say, we can come home and report. That will settle the question of relieving us of the Chinese evil through the Treaty. It will then be referred wholly to Congress for adjustment, and a very important step in the affair will be, as has been taken. It is

A GREAT DEAL OF PROGRESS.

Made when we know the thing cannot be done by mutual consent of the two governments, if such should be the fact, for then the road will be clear for other measures whenever Congress is ready to take them.

GRANT FOR BLAINE.

The Western Counties Badly Mixed What Will Happen at Austin.

(Eureka Sentinel.)

The Republican primaries were held in Storey county on Thursday. The result was the election of a mixed delegation to the Austin Convention. Gold Hill and the Fourth Ward elected Grant men, while the balance of the county went for Blaine. Reno is supposed to be for Blaine, but will most probably send an unpledged delegation to Austin. And just here permit the Sentinel to record a prediction: It is that the Austin Convention will pass a high sounding resolution, declaring Blaine to be the first choice of the Republicans of Nevada, but in view of possible contingencies, etc. (having in view the fact), it is deemed impolitic to instruct the delegation to Chicago to go for any particular candidate. There will be chosen as delegates, John Mackay, John P. Jones, and some other Grant men, and with them three men who may possibly vote for Blaine, if the pressure does not get too strong before the Convention reaches a choice. This is precisely what is likely to happen at Austin.

THE CRADLE.

GOFFIN At Wadsworth, April 18, 1890, to the

NEW TO-DAY.

SOLE TRADER NOTICE.

IN THE MATTER OF THE APPLICATION OF Millie Gillespie to become Sole Trader, Notice is hereby given that I, Millie Gillespie, wife of F. Gillespie, resident of Wadsworth, Washoe county, Nevada, being desirous of availing myself of the provisions of the Act of the Legislature of the State of Nevada, entitled, "An Act to authorize married women to transact business in their own names as Sole Traders," approved February 4, A. D. 1887, I tend to make application to the Second Judicial District Court of the State of Nevada, held at Reno, in and for Washoe county, at the April term, A. D. 1890, of said Court, at its Court room of said Court, on Wednesday, the nineteenth day of May, A. D. 1890, at 10 o'clock A. M. or as soon thereafter as the matter can be heard, for an order of said Court permitting me to carry on in my own name and on my own account, the business of hotel, restaurant and lodging house, at said town of Wadsworth, Washoe county, Nevada.

MRS. MILLIE GILLESPIE.

Dated Wadsworth, Nev. April 18, A. D. 1890.

Hall Supper.

THE W. T. U. will give a supper at the Old Fellow Anniversary Ball on the 26th. The supper will be spread in the Pavilion. The price will be first-class in every particular. Price moderate.
